5. The Committee shall advise the Government on the following:
1. Conceptualization of a vibrant, diverse and inclusive city which is a magnet for skilled work force.
  2. Creation of a highly livable urban eco system that provides a productive, comfortable and a happy life for all its residents.
  3. Efficient use of natural resources – land, water and energy- minimal commutes, green technologies, green spaces, water- fronts etc., that promotes smart and sustainable urban development.
  4. Urban Planning Policies that promote vertical development along transportation corridors, not only within the city but also in the larger Metropolitan area, thereby preventing development of an urban sprawl.
  5. Effective institutional and management systems for cost-efficient construction and professional management of the new capital.
  6. Supplement the resources committed by the Government of India with innovative mechanisms to raise additional resources for development.
6. The Committee shall propose an action plan with timelines for submission of its recommendations.
